Newmark (the "Agent") has been engaged as the exclusive sales representative for the sale of 3003 North Central (the "Property") by 'Ownership' (the "Seller").

This Memorandum does not constitute a representation that the business or affairs of the Property or Seller since the date of preparation (January 2025) of this Memorandum have remained the same. Analysis and verification of the information contained in this Memorandum are solely the responsibility of the prospective purchaser.
Additional information and an opportunity to inspect the Property will be made available upon written request of interested and qualified prospective purchasers. Seller and Agent each expressly reserve the right, at their sole discretion, to reject any or all expressions of interest or offers regarding the Property, and/or terminate discussions with any party at any time with or without notice. Seller reserves the right to change the timing and procedures for the Offering process at any time in Seller's sole discretion. Seller shall have no legal commitment or obligations to any party reviewing this Memorandum, or making an offer to purchase the Property, unless and until such offer is approved by Seller, and a written agreement for the purchase of the Property has been fully executed and delivered by Seller and the Purchaser thereunder.

This Memorandum and the contents, except such information which is a matter of public record or is provided in sources available to the public, are of a confidential nature. By accepting this Memorandum, you agree that you will hold and treat it in the strictest confidence, that you will not forward, photocopy or duplicate it, that you will not disclose this Memorandum or any of the contents to any other entity (except to outside advisors retained by you, if necessary, for your determination of whether or not to make a proposal and from whom you have obtained an agreement of confidentiality) without the prior written authorization of Seller or Agent, and that you will not use this Memorandum or any of the contents in any fashion or manner detrimental to the interest of Seller or Agent.

EXECUTIVE SUMMARY

3003 CENTRAL

THE OPPORTUNITY

Newmark, as exclusive advisor, is pleased to present the opportunity to acquire the fee simple interest in Thirty 03, located at 3003 North Central Avenue, Phoenix, AZ (the "Property"). This ±458,047 RSF, 26-story, Class A, recently upgraded, multi-tenant high-rise office building is currently 81% leased to a diverse mix of high quality and notable tenants including legal, healthcare, architectural, banking, government and professional services. Originally constructed as one of Metro Phoenix's first institutional high rise office properties, **the Property has recently undergone nearly $11M in transformative capital improvements.** Commencing in 2019, a comprehensive capital plan was implemented both aesthetically and back of the house including extensive lobby upgrades, full elevator modernization, spec suites and many other progressive upgrades.

Ideally positioned within the dynamic urban core of Midtown Phoenix, Thirty 03 is widely considered one of the "top-tier" office buildings within the submarket, **as evidenced by its submarket leading occupancy.** This submarket continues to go through a major revitalization anchored by Park Central Mall's ±$1.0 Billion redevelopment, Creighton University's new (and soon to be expanding) $80 Million medical campus, and is complemented by a wide variety of new restaurants, night life and residential developments in the immediate area. Furthermore, the Property is positioned within a **market area that is well-known for being one of the top transit-oriented, easy to access, live-work-play locations in all of Metro Phoenix,** which is evidenced by the **"Very Walkable" 71 Walkscore rating,** and the more than 10,000 multifamily units constructed within a 3-mile radius of the property over the last five years. The Property is located steps away from the Valley Metro Rail stop at Central Avenue & Thomas Road providing immediate access to the myriad of amenities in Uptown, Downtown, NW Phoenix, and Tempe, all a short light rail ride away!

CHECKING THE BOXES—
What Capital is Looking for

- Highly amenitized, transit-oriented location
- Attractive in-place yield with immediate upside through lease-up of vacant space
- Recently completed, extensive capital improvement program
- Compelling basis and in-place yield, offering value at a fraction of both peak pricing and replacement cost

INVESTMENT HIGHLIGHTS

Leading Occupancy within the Submarket

Consistent Cash Flow via ±5-Year WALT

More than 80,000 SF of Positive Net Absorption at the Property Since 2020

Diversified and Notable Tenant Roster with Staggered Lease Expirations

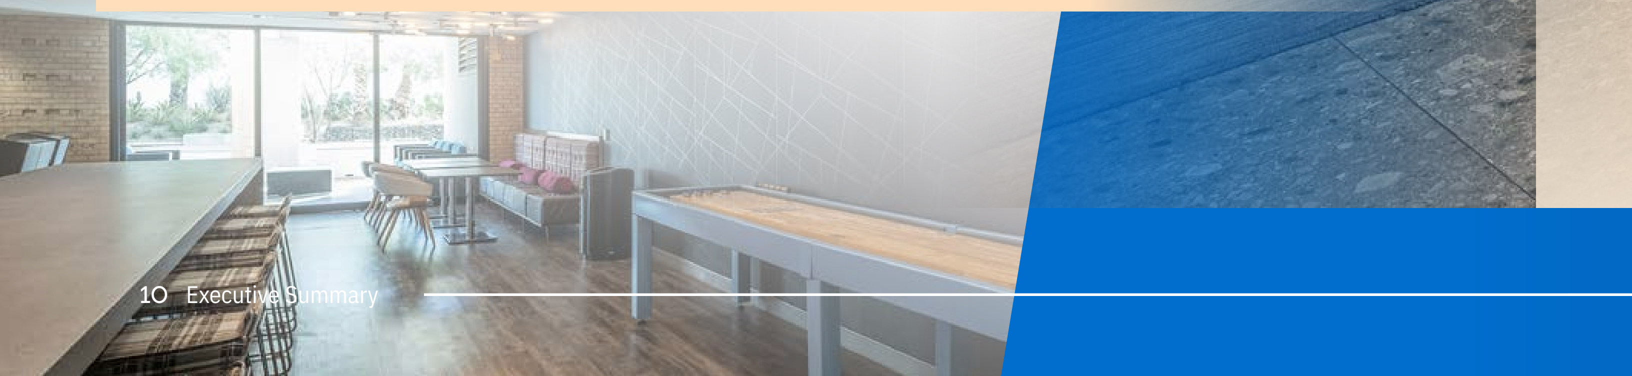
Class A Quality at an Attractive Basis Significantly Below Replacement Cost

No Subleases or Dark Space

Immediate Upside Via Leasing & 14% Below Market In-Place Rents

Recently Completed ±$10.55M+ Comprehensive Renovations

On Site Amenities Include: Property Management, Cranberry Hills Eatery & Catering, "The Mix" Tenant Lounge, Conference & Training, Auditorium, Onsite Security, Banking, Bocce Ball, and Structured Parking, among many other amenities on today's "tenant wish list"



RECENTLY COMPLETED

$10.55M+

COMPREHENSIVE RENOVATIONS

UPGRADES INCLUDE:

- Transformative Lobby Upgrade
- Fully Modernized Elevators
- Upgraded Common Area, Lobbies, Restrooms and Lower Level
- Successful “Decision Making” Modern Spec Suites that have all leased
- Roof Replacement (2020) with 25-year remaining warranty
- EMS Controls
- LED Lights
- Parking Garage Equipment
- Domestic Water & Sewage Pump Upgrades

Following ownership’s acquisition of the Property in 1Q 2019 and implementation of these extensive improvements, Thirty 03 has been able to increase occupancy significantly, improving by 15%, and has maintained a strong average occupancy of over 80% since 2020!

LOCATION HIGHLIGHTS

"Very Walkable" 71 Walkscore

Amenity-Rich, Highly Accessible Midtown CBD Location

Thriving Live-Work-Play Location of Newly Completed or Recently Renovated Commercial & Residential Activity with a Young & Educated Workforce

The Midtown submarket continues to improve from a live-work-play perspective; what was once an 8 AM-5 PM market area, has evolved into a dynamic hub with more than 10,500 multifamily units developed in the past 5-years

Vibrant surrounding dining scene with numerous new restaurant concepts that are all a short Light Rail ride from Thirty 03!

Valley Metro Rail Adjacent with a Stop 500 feet from Thirty 03 at Thomas Ave & Central Ave

Proximate to Major Transit Systems with the I-10 Freeway (±1 Mile), SR-51 Freeway (±2 Miles), and the I-17 Freeway (±2 Miles).

60% of Metro Phoenix Accessible Within a 30-Minute Commute

Adjacent to the $1B Park Central Mall Redevelopment which includes fully leased retail and office plus several other recently notable announcements:

- Future home of Alliant International University,
- New 10K SF lab with Barrow Neurological Institute
- Two new recent hotel openings with TruHotel and Home2Suites
- A newly constructed 43K SF EOS Fitness building, of which many tenants at Thirty 03 take advantage of

PROPERTY DESCRIPTION

SITE IMPROVEMENTS

SITE ACCESS

The site is accessed from East Catalina Drive to the south. Ingress into the five-level parking structure and surface parking lot is provided by a two-way, concrete-paved driveway from East Catalina Drive. The site is easily accessible from major area roadways, including the Piestewa Freeway and Interstate 10, and is located within Midtown Phoenix.

PARKING

Parking for Thirty 03 includes 1,449 total parking spaces providing for an actual parking ratio of ±3.16 per 1,000 SF. There are 18 surface parking spaces located adjacent to the primary building entry and provide for easy drop off and visitor use. The majority of the parking is provided via a five-level parking garage located directly east of the office building. This garage includes three levels at grade or above and two levels below grade. Additionally, there are 145 parking spaces provided to Thirty 03 that are rented from the adjacent 3033 parking Structure. **As part of their recent capital improvements, Ownership has invested in upgraded parking equipment and system upgrades**.

SIDEWALKS

Sidewalks lead from the paved parking areas to the front entrance of the building and exits along its perimeter. They are constructed with cast-in-place concrete and masonry pavers.

CURBS

Concrete curbing is installed around the perimeter of the parking lot, landscaped areas, and sidewalk interfaces.

DRAINAGE

The building roof areas, landscaped areas, and open parking surfaces drain to an underground, on-site storm drainage collection system, which connects to the municipal storm water management system.

UTILITIES

Utilities provided to the site include water, electric, natural gas, sanitary sewer, and storm sewer services.

- **Water provider:** City of Phoenix
- **Electric provider:** Arizona Public Service (APS)
- **Natural gas provider:** Southwest Gas
- **Sanitary sewer provider:** City of Phoenix
- **Storm sewer provider:** City of Phoenix

EXTERIOR LIGHTING

The facility parking garage is illuminated with metal pole-mounted LED fixtures installed in 2018, along with additional wall-mounted and ground-mounted high-intensity accent fixtures around the building. Bollard-mounted fixtures are near the main building entrance.

LANDSCAPING

Landscaping consists of trees, shrubs, grass areas, and flowerbeds at selected locations around the building and site perimeter. The landscaping is equipped with a drip irrigation system.

BUILDING STRUCTURE

FOUNDATIONS

The building's foundation system consists of cast-in-place concrete basement walls on concrete spread footings and interior isolated spread footings supporting concrete columns with steel reinforcement. The footings range in size from 3'8" to 4'6" and are placed in a grid arrangement with a typical spacing of 27 feet. The building includes a basement.

FLOORS

The floors of the office building are constructed with a cast-in-place concrete slab at the basement level, while the T-100 building has a concrete floor slab at grade level. The concrete slabs are 4 inches thick, reinforced with 6-inch by 6-inch welded wire mesh, and underlain by 4 inches of crushed gravel. The upper floors and mezzanines feature composite floor deck systems with metal decking and cast-in-place concrete slabs, supported by open-web structural steel beams.

SUPERSTRUCTURE

The superstructure of the office building includes a combination of concrete, masonry, and structural steel framing. The roof deck is constructed of cast-in-place concrete supported by structural steel beams. The T-100 building features masonry, brick, and wood framing, with a cast-in-place concrete floor slab and a wood roof deck supported by steel trusses.

BUILDING EXTERIOR

WALL ASSEMBLY

The office building's exterior includes blue-tinted glass ribbon fenestration systems on the north and south facades, set on bands of painted stucco. The east and west facades feature white-painted brick extending to the top of the parapets. Other portions of the building include painted stucco and masonry block. The T-100 building is primarily painted stucco.

WINDOWS

The office building features tinted, insulated glass ribbon windows set in aluminum frames. Windows on the east and west sides are single-pane, tinted units. The T-100 building windows are fixed, storefront-style, double-pane units in aluminum frames.

EXTERIOR DOORS

The building's exterior doors include storefront-style swing doors with full glass panels set in metal frames at the main entrance. Metal service doors provide access to back-of-house areas and utility entrances.

EXTERIOR STAIRS

Exterior stairs are present within the parking garage and at the main entrance. They are constructed of concrete assemblies with closed risers and metal handrails.

BALCONIES

Balconies are located on the 26th floor, featuring concrete decking supported by steel and concrete framing, with metal perimeter railings.

ROOF

ROOF COVERING

The office building features a low-slope/flat roof system that was replaced in 2020. The newly installed roofing system is accompanied by an original 30-year warranty (±25-years remaining). The roof covering consists of a modified bitumen roof with a white liquid-applied elastomeric reflective coating. Additionally, the office building contains a lower roof above the ground level, also constructed with concrete decking supported by structural steel beams. This roof is covered with a built-up roof system layered with sprayed urethane foam and a white liquid-applied elastomeric reflective coating.

The "Trader Building" (T-100 Building) features a slightly sloped roof system constructed of wood decking supported by steel trusses, wood purlins, and sub-purlins. The roof covering consists of a modified bitumen membrane with an elastomeric reflective coating.

ROOF DRAINAGE

The roof systems are relatively flat, with surface drainage provided by internal roof drains discharging into the site's stormwater collection system.

ROOF ACCESS

Fixed access to the upper-level high-rise roof is provided via stairs. The lower-level roof is accessed through a hatch, and the T-100 building roof is accessed via the lower-level roof of the office building.

BUILDING INTERIOR

COMMON AREAS

The public areas of the building include corridors, lobbies, reception areas, and entrance vestibules. Interior finishes in these areas consist of:

• Floor Coverings: Carpet, ceramic tile, vinyl tile, and wood plank.

• Wall Coverings: Painted drywall, wallpaper, and wood paneling.

• Ceiling Coverings: Painted drywall, suspended grid with drop-in tiles, and open ceiling plans.

OFFICE AREAS

Tenant office finishes are designed to tenant specifications, and include carpet, wood plank flooring, tile floors, painted drywall, wood paneling, wallpaper, and suspended grid ceilings with drop-in acoustical tiles or exposed ceilings.

COMMERCIAL KITCHENS

The building includes a commercial kitchen with ceramic tile floors, plastic-coated wall panels, and suspended grid ceilings with drop-in acoustical tiles. Portions of the walls are covered in ceramic tile. Stainless steel shelving, food preparation tables, and various commercial appliances, including coolers, freezers, ranges, ovens, and cooktops, are present.

STAIRS

Stairs are constructed with steel assemblies, closed risers, and painted steel pipe railings and handrails. The stairwells typically feature masonry walls.

PUBLIC RESTROOMS

Restroom finishes include ceramic tile flooring, painted drywall walls, and painted drywall ceilings.

AUDITORIUM

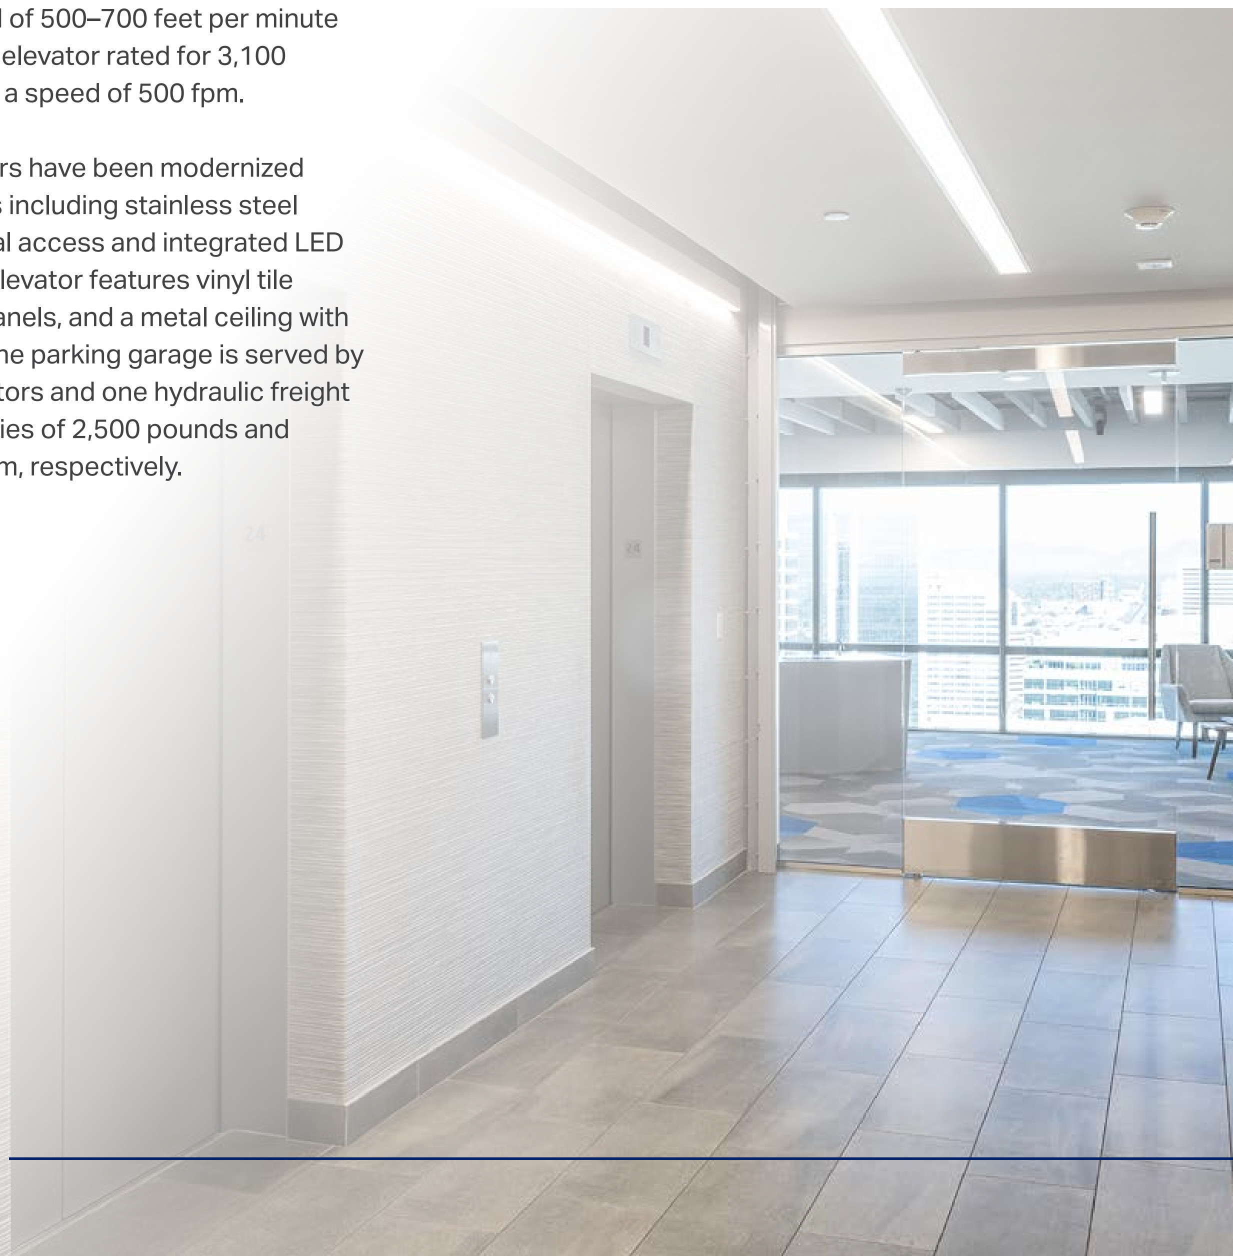
The building contains a 180-seat auditorium with carpet flooring, painted drywall walls, and painted drywall ceilings.

MECHANICAL SYSTEMS

ELEVATORS

The building's vertical elevator system was fully modernized in 2022, and is equipped with eight overhead gearless passenger elevators, one geared service elevator, two geared parking garage elevators, and a hydraulic freight elevator. The passenger elevators, located in the central core, serve the building's floors, with four elevators dedicated to the high-rise portion (floors 15–26) and the other four serving the low-rise portion (floors LL, L, and 2-15). The freight elevator serves all floors in the high-rise and low-rise areas. All elevators are manufactured by Otis, with the passenger elevators rated for 3,000 pounds capacity and a speed of 500–700 feet per minute (fpm), and the freight elevator rated for 3,100 pounds capacity and a speed of 500 fpm.

The elevators' interiors have been modernized with updated finishes including stainless steel panels, brushed metal access and integrated LED lighting. The freight elevator features vinyl tile flooring, metal wall panels, and a metal ceiling with integrated lighting. The parking garage is served by two passenger elevators and one hydraulic freight elevator, with capacities of 2,500 pounds and speeds of 150–50 fpm, respectively.



AIR CONDITIONING

The building utilizes a four-pipe HVAC system supported by 30 air-handling units (AHUs) with chilled water coils. Of these, 24 AHUs service individual floors, while the remaining six provide conditioned air to the lobby, T-100 building, and mezzanine areas. Conditioned air is distributed through a network of variable air volume (VAV) boxes, ductwork, and diffusers. Chilled water is supplied by three operational centrifugal chillers manufactured by Trane. Condenser water is provided by three Baltimore Air Coil cooling towers, including two rated at 400 tons each and one rated at 800 tons. The system is supported by five condenser water pumps, seven chilled water pumps, and two hot water pumps.

HEATING

Heating is provided by two natural gas-fired steam boilers located in the central mechanical plant. Each boiler, manufactured in 1963 by Automatic Boiler Company, has a rated output capacity of 5,175 MBTU/hour.

VENTILATION

Mechanical ventilation is provided through outdoor air louvers ducted to the respective AHUs. Bathrooms are ventilated by individual exhaust fans connected to a central duct. The kitchen is equipped with an exhaust hood vented through a fan-powered central duct.

CONTROL SYSTEMS

The building features a recently upgraded Energy Management System (EMS) manufactured by Allerton and maintained by Climatec. The EMS allows for centralized control of set-point temperatures, equipment operation, and monitoring of space temperatures, humidity, and fresh air intake.

ELECTRICAL SYSTEMS

POWER

Transformers and Power Delivery
Electrical service to the building is provided by Arizona Public Service (APS) via underground lines connected to pad-mounted transformers outside the building.

MAIN SWITCHGEAR

The main switchgear, located in the main electrical room and manufactured by General Electric, includes three 4,000-amp, 480/277-volt, 3-phase, 4-wire AC distribution panels.

ELECTRICAL DISTRIBUTION

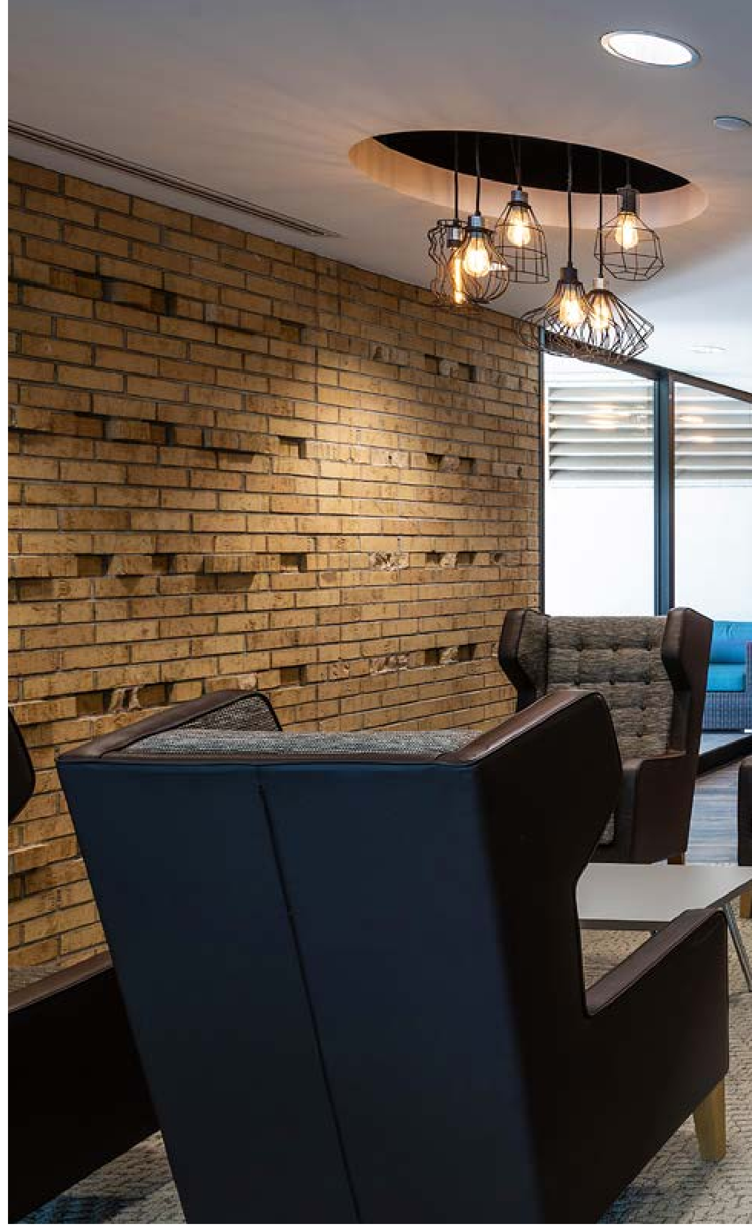
Electrical distribution throughout the building includes safety switches, dry-type transformers, and secondary electrical panels, all equipped with circuit breaker overload protection. Distribution wiring, consisting of copper housed in rigid and flexible metal conduit, powers tenant spaces and common areas.

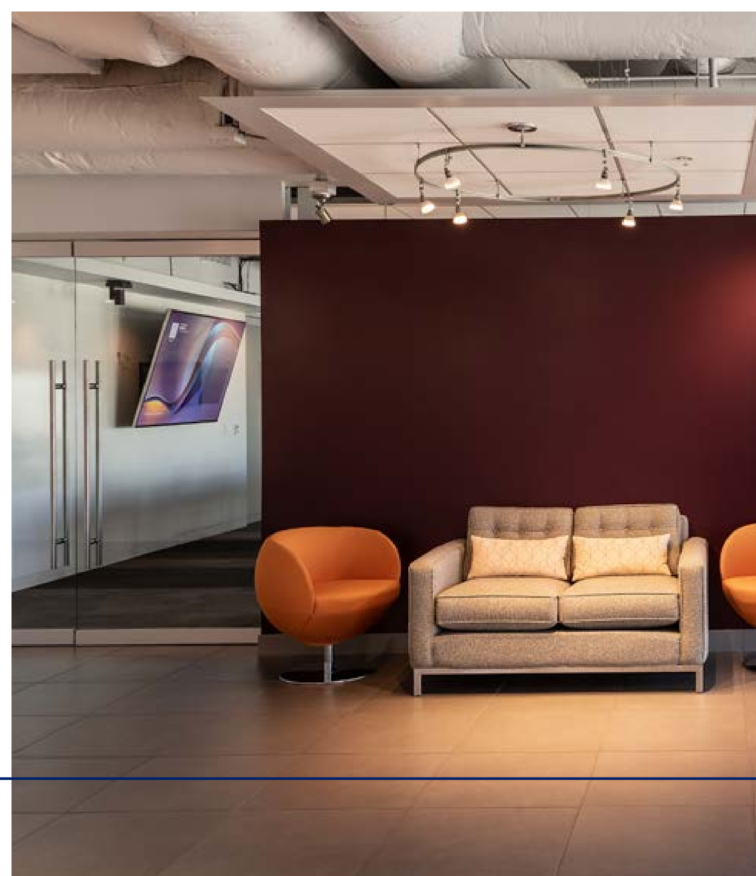
INTERIOR LIGHTING

Interior lighting primarily consists of fluorescent and **recently upgraded LED fixtures** recessed in suspended ceilings. Fluorescent units feature newer T-8 lamps with electronic ballasts.

EMERGENCY POWER

Emergency power is supplied by an Onsite Energy 562 kVa, 450 kW diesel generator located at the ground level north of the parking garage. The 500-gallon generator powers critical systems, including lighting, the fire pump, elevators, and life safety circuits.





PLUMBING SYSTEMS

WATER SUPPLY

The building's water supply is provided by an underground connection to the City of Phoenix's main line.

DOMESTIC WATER DISTRIBUTION

A main water service line enters the building through the central plant room, with the domestic water meter located in a ground vault outside the building. Water pressure is boosted to upper floors using two 15-horsepower pumps located in the central plant.

HOT WATER SYSTEMS

Hot water is provided to the building through a 75-gallon gas-fired water heater located in the commercial kitchen and a series of small electric water heaters positioned in janitor closets and mechanical rooms near restrooms on various floors. Tenant-owned insta-hot units are also installed in some kitchenette and restroom areas.

SANITARY SEWER

Sanitary sewer systems convey wastewater through underground piping to the municipal sewer system maintained by the City of Phoenix.

NATURAL GAS

Natural gas service enters the building via a gas service line on its side, with steel piping used for internal gas distribution. The gas meter is located on the building's exterior wall.

LIFE & FIRE SAFETY

SPRINKLER SYSTEMS
The office building is fully protected by an automatic wet-pipe fire sprinkler system, which is supported by a fire pump located in the central plant. The system's pressure gauge on the wet standpipe reads a static pressure of 80 psi at the ground floor, which aligns with the readings on the risers. The sprinkler system includes a backflow prevention device with double gate valves and a check valve.

SPRINKLER HEADS
Sprinkler heads, manufactured by Central Sprinkler Company, are installed throughout the building, with spares in a wall-mounted cabinet near the risers.

SPECIALTY SUPPRESSION SYSTEMS
The commercial kitchen's range hood is equipped with a wet chemical ANSUL fire suppression system.

FIRE HYDRANTS
Municipal fire hydrants are located along the public roads surrounding the property.

FIRE PUMP
The fire suppression system is driven by an electric fire pump, located in the central plant, with a rated capacity of 500 gallons per minute, powered by a 60-horsepower motor.

STANDPIPES & HOSE CONNECTIONS
Standpipes and hose connections are located at each stair tower, with hose connections at each stair landing and Siamese hose connections at the exterior wall near the sprinkler service room.

EMERGENCY LIGHTING

Emergency lighting fixtures are installed throughout the building, including in office areas and corridors.

ILLUMINATED EXIT SIGNS

Illuminated exit signs are provided in common spaces, corridors, stairwells, and select office areas, powered by the emergency generator.

ALARM SYSTEM

The building is equipped with a fire alarm system with battery backup, including sprinkler flow and tamper switches, smoke detectors, and pull stations. The system also includes audible alarms with visual strobe components. The fire alarm panel, located at the ground floor entrance, monitors the system and notifies a central monitoring station in case of emergency.

SMOKE DETECTORS

Hard-wired smoke detectors are installed throughout the building.

FIRE EXTINGUISHERS

Fire extinguishers are located throughout the building.

MAJOR TENANT DESCRIPTIONS

The Arizona Department of Child Safety (DCS) protects children and strengthens families by prioritizing safety, minimizing trauma, and promoting well-being. DCS employees, known as "compassioneers," work to reunify families when possible and place children in safe, nurturing environments that preserve connections to family, culture, and community. The agency provides educational support to help children thrive and partners with communities to promote family health. Guided by core values like safety, compassion, and equity, DCS invites public support through fostering, adoption, prevention efforts, and its child abuse hotline. **AZ DCS has renewed their commitment to the building by renewing their lease twice with current ownership, and most recently executed a 4-year extension through 2031, further solidifying their commitment to Thirty 03!**

The Arizona Supreme Court is the highest court in the state, ensuring justice through the fair interpretation and application of the law. It reviews decisions from lower courts, oversees the administration of Arizona's judicial system, and provides guidance on legal matters affecting the state. The court also sets rules for procedures in lower courts, licenses attorneys, and disciplines judges and lawyers to maintain professional integrity. Comprised of seven justices, the court hears cases of significant public importance and constitutional issues, ensuring the law evolves to meet the needs of Arizona's citizens. **The Arizona Supreme Court recently expanded their premises and extended their lease commitment by 5-years.**

MARKET OVERVIEW

MIDTOWN PHOENIX OVERVIEW

The Midtown Phoenix market area is a vibrant and rapidly evolving hub, combining urban charm with a thriving business and residential community. Located in the heart of Phoenix, Arizona, this district has become a desirable destination for professionals, entrepreneurs, and families alike. The centralized location of the Midtown submarket provides easy access to Metro Phoenix's main freeways, light rail transit, and nearby neighborhoods, making it an ideal area for both work and play. Midtown is home to a mix of modern office spaces, eclectic retail shops, and trendy restaurants, catering to a diverse and dynamic population. The area's focus on revitalization has brought an influx of investment, with developers transforming older properties into contemporary spaces while preserving its historic character.

The community vibe in Midtown Phoenix is one of inclusivity and energy, drawing people with its bustling cultural scene and ample amenities. Art enthusiasts can explore local galleries and public art installations, while outdoor lovers enjoy the many parks and green spaces that punctuate the urban landscape. Midtown's appeal is bolstered by its focus on sustainability and walkability, fostering a lifestyle that balances convenience and wellness. Additionally, the area's expanding housing market offers options ranging from sleek high-rise apartments to charming historic homes, accommodating a variety of preferences and budget, and is a testament to thoughtful urban development, offering residents and visitors a place where opportunities abound and the future is bright.

MIDTOWN OFFICE SUBMARKET OVERVIEW

This well established, yet rapidly revitalizing submarket is home to ±9.2 million SF of office properties with an average asking Class A asking rate of $27.91 PSF, FSG. The submarket average asking rent is a driver of new leasing, as Midtown offers significant discount to for Class A space as compared to the proximate Downtown, Camelback Corridor, Piestewa Peak and Tempe submarkets. There are several recent new tenant leasing announcements that have provided concrete evidence of many tenants feeling "priced out" of the new $40-$60 PSF market rents and relocating to Midtown to a enjoy Class A space at a much more reasonable lease rate.

Submarket	Class A FSG Asking Rate Average	% Above Midtown
Midtown	$27.91	-
Downtown	$34.52	24%
Camelback Corridor	$42.89	54%
Piestewa Peak	$32.01	15%
Tempe	$44.53	60%

Thirty 03 has emerged as one of the primary absorbers of office space within the Midtown submarket and has established itself as a "flight to quality asset." As a result, Thirty 03 is outperforming the submarket occupancy average by 800 basis points!

DYNAMIC MEDICAL HUB

The Midtown submarket has emerged as a leading medical hub, officially designated as "The Phoenix Medical Quarter" in 2023. This area is home to 2,149 hospital beds and fosters healthcare innovation, education, and research, uniting universities, hospitals, and biotech companies to address regional and global health challenges. Thirty 03 is at the epicenter of Midtown's healthcare transformation, with 26% of its occupied space leased to healthcare tenants.

- $80M Creighton University Health & Sciences Campus
- Dignity St. Joseph's Medical Center (recent $130M upgrade & expansion)
- Barrow Neurological Institute
- Phoenix Children's Hospital
- Banner University Medical Center

Creighton University Health Sciences Campus

Established in 2021, this $80M campus offers programs such as:

- Doctor of Medicine
- Accelerated Bachelor of Science in Nursing
- Doctor of Occupational Therapy, Pharmacy, Physical Therapy
- Master of Physician Assistant Studies
- By 2025, nearly 1,000 health sciences students will train here to address Arizona's healthcare provider shortage.
- The campus is fully occupied, with discussions underway for Phase II expansion.

Dignity Health St. Joseph's Hospital and Medical Center

- Established in 1895, it's one of Phoenix's oldest and most respected hospitals.
- Recently underwent a $130M upgrade and expansion.
- Features the world-renowned Barrow Neurological Institute and the Ivy Brain Tumor Center.
- Services include cardiology, oncology, orthopedics, women's health, and emergency care.

Barrow Neurological Institute

- Founded in 1962, Barrow is a global leader in neurological care, education, and research.
- Neurosurgery Leadership: Performs the most neurosurgeries in the U.S.
- Ivy Brain Tumor Center: Focused on advanced clinical trials and personalized therapies.
- Education: Hosts one of the world's top neurosurgical residency programs.
- Innovation: Pioneers minimally invasive surgical techniques and treatments for neurological diseases like Parkinson's, epilepsy, and stroke.
- Neuro Analytics Center: A cutting-edge facility leveraging data to revolutionize neurological care.

The Midtown submarket's dynamic growth, centered around the Phoenix Medical Quarter, positions it as a premier location for healthcare innovation and collaboration!

RAPIDLY DEVELOPING RESIDENTIAL AREA

Thirty 03 will strongly benefit from its premier location amidst the rapidly developing, greater Downtown Phoenix. As this region undergoes continuous gentrification, the existing gap and rapidly expanding downtown core will merge and position the Property amidst the heart of the density. The significant addition of residential developments will strongly contribute to the employment base and accelerate the office demand for this supply-constrained region.

ARIZONA STATE UNIVERSITY (ASU) IS A CATALYST OF DOWNTOWN GROWTH

Arizona State University continues to expand its footprint throughout Phoenix, contributing an estimated $4.5 billion to the local economy. The university recently surpassed a total enrollment of 145,000 students, making it one of the largest public institutions in the country. ASU's remarkable growth has created a demand for satellite locations nationally with one of its largest off-site campuses located in the heart of Downtown Phoenix.

PHOENIX MARKET OVERVIEW

The Phoenix Metropolitan Area is the primary business center of Arizona, and has become an increasingly vibrant community and economic hub over the last several decades, attracting new residents and businesses alike. Today, the Greater Phoenix region is home to over 5 million residents and continues to grow. In fact, Maricopa County, which encompasses the Phoenix metro, was number 1 in the nation for population growth in 2022, for the 6th year in a row. This growth led Phoenix to reclaim its title as the fifth largest city in the U.S. The metro is attractive not only because of a competitive advantage with regard to cost, but also because of an overall value proposition, which includes its infrastructure, talent pool and quality of life.

PHOENIX'S PILLARS FOR ECONOMIC EXPANSION

- PHOENIX'S ECONOMIC DIVERSIFICATION CONTINUES
- ROBUST POPULATION GROWTH
- PHOENIX RANKS AS THE 2ND MOST AFFORDABLE MAJOR WESTERN US METROPOLITAN MARKET
- INFRASTRUCTURE AND INVESTMENTS IN TRANSPORTATION ATTRACTING WORLD-CLASS COMPANIES TO PHOENIX
- CENTRAL LOCATION WITH ACCESS TO MAJOR TRADE HUBS
- EXCEPTIONAL QUALITY OF LIFE

BY THE NUMBERS

#1

Phoenix Sky Harbor ranked best large airport in the U.S. (WSJ, 2023)

Maricopa County is the #1 county for growth in the country (U.S. Census Bureau, 2017-2022)

Maricopa County top large county for talent attraction for 3rd consecutive year (Lightcast, 2022)

Phoenix is best city to launch a startup (Time2Play, 2022)

Phoenix #1 in U.S. for year-over-year home price increase (S&P Dow Jones Indices, 2021)

Phoenix Ranks #1 in Nation For Monthly Rent Growth (RealPage, 2021)

Scottsdale ranks #1 in Best cities to retire in America (Niche, 2021)

Metro Phoenix ranks #1 in U.S. for net migration in 2018-2021 (U.S. Census, 2021)

Metro Phoenix Ranks # 1 nationally for attracting and retaining workers (Emsi, 2021)

#2

Tempe ranks #2 best place to live in the U.S. (Money, 2022)

Metro Phoenix #2 among best-performing labor markets (ThinkWhy, 2021)

Phoenix ranks #2 among hottest housing markets of 2021 (Zillow, 2021)

Phoenix ranks #2 in U.S. for small business growth (Paychex, 2021)

#3

Phoenix ranks #3 for attracting wealth and high income earners (MyEListing, 2023)

Phoenix ranks #3 for new jobs in the country (Bureau of Labor Statistics, 2023)

#3 State in the nation for job recovery (Arizona Offices of Economic Opportunity, Feb 2020 - Feb 2021)

Gilbert ranks #3 in best cities to buy an affordable family home (SmartAsset.com, 2021)

#4

Best state for women startup founders (Merchant Maverick, 2023)

Most electric vehicle friendly state (The Fabricator, 2022)

Phoenix is ranked 4th for projected job growth over the next two years (CBRE EA)

Maricopa County is the 4th largest county in the United States (US Census, 2022)

PHOENIX'S ECONOMIC DIVERSIFICATION CONTINUES

Phoenix's economy has changed dramatically over the course of the current economic cycle. Historically, construction jobs connected to Phoenix's robust single-family housing market drove employment growth in Phoenix. Through 2023, single-family construction continues to reside well below peak 2006 levels and correspondingly, construction employment makes up a significantly smaller percentage of Metro Phoenix's overall employment base today. Rapid employment diversification throughout Metro Phoenix is being driven by tech, financial services, healthcare, and professional and business services companies.

HEALTHCARE

Banner Health, parent company to Sonora Quest Laboratories, Arizona's largest employer, continues to expand its Banner University Medical Center campus in Central Phoenix and Banner MD Anderson Cancer Center in Gilbert. Continued development of the Phoenix Biomedical Campus in Downtown Phoenix has transformed the city core into a hub for major medical research and specialized treatment. In 2017, the University of Arizona Cancer Center opened at the Phoenix Biomedical Corridor as well as the ±245,000 square foot Biosciences Partnership Building. Central to major healthcare expansion in Metro Phoenix, ASU continues to play a major role in the Phoenix Biomedical Campus expansion as well as a planned collaboration with Mayo Clinic in North Scottsdale, which at build-out, is projected to create 30,000 knowledge-based jobs.

THE TECH STORY

Greater Phoenix's tech sector emerged following World War II, as the federal government spread outposts throughout the U.S. Phoenix quickly became a hotbed for aerospace, defense and semiconductor industries as companies servicing military operations started investing in research and development labs in the region. The region evolved with the rise of the internet age, becoming home to several large enterprise software development and web hosting companies. Today, Greater Phoenix is attracting expanding companies from New York to California due to its ability to attract top talent outside of high-cost markets. In recent years, the tech ecosystem has progressed into a highly desirable market for next-generation technologies focused on cybersecurity, autonomous vehicles, fintech, medtech and other industries related to the internet. Notable high-tech companies that have relocated or expanded in the Metro Area in the last three years include Viavi Solutions, DoorDash, Align Technology Orbital ATK, Intel, Amazon, Uber, Groupon, Galvanize, Indeed, Ingenu, Clearlink, Freshly, Houzz, Link-Systems, Zenreach, Zip Recruiter, SAP, Sitelock, Open Door, Moov Technologies, and Blue Origin among others.

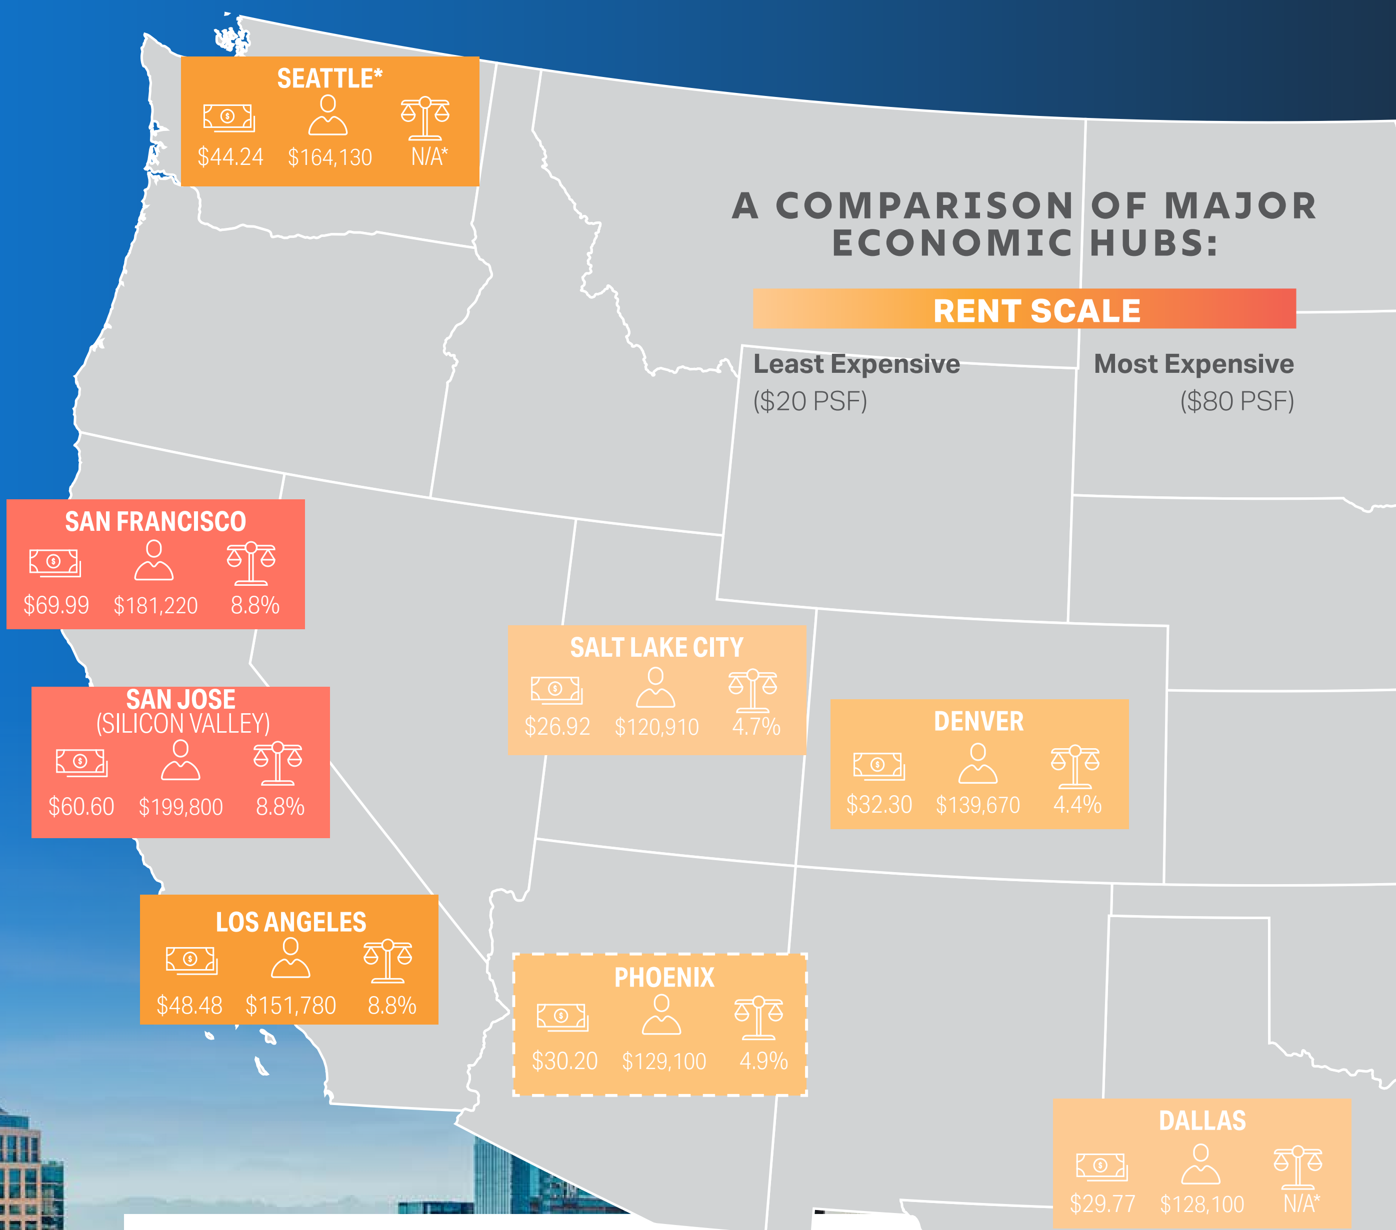
PHOENIX RANKS AS THE 2ND MOST AFFORDABLE MAJOR WESTERN US METROPOLITAN MARKET

COST OF DOING BUSINESS

In addition to the many factors that contribute to the high quality of living in Phoenix, the area's prospects for sustainable future growth are enhanced by strong underlying economic fundamentals.

A COMPARISON OF MAJOR ECONOMIC HUBS:



LEGEND

- Average Office Asking Rents (Q2 2024, FSG per SF)
- Representative Industry: Software Engineer
- Average Corporate Tax Rate

**Texas and Washington do not have a corporate income tax but do have a gross receipts tax. Source: Newmark Research, Bureau of Labor Statistics; Tax Foundation*
